NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2023 (Unaudited)

NOTE 1 – ORGANIZATION

Bridges Capital Tactical ETF (the “Fund”) is a series of the EA Series Trust (the “Trust”), which was organized as a Delaware statutory trust on October 11, 2013. The Trust is registered with the Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company and the offering of the Fund’s shares (“Shares”) is registered under the Securities Act of 1933, as amended (the “Securities Act”). The Fund is considered to be diversified. The Fund commenced operations on May 11, 2023. The Fund qualifies as an investment company as defined in the Financial Accounting Standards Codification Topic 946-Financial Services- Investment Companies. The Fund’s investment objective is to seek long-term capital appreciation.

The Fund is an actively managed exchange-traded fund (ETF). The Fund’s investment strategy is to seek achieve its investment objective by investing in a blend of passively managed U.S. equity index ETFs, large-capitalization equity securities and cash or cash equivalents.

Shares of the Fund are listed and traded on The Nasdaq Stock Market®. (“NASDAQ”). Market prices for the shares may be different from their net asset value (“NAV”). The Fund issues and redeems shares on a continuous basis at NAV only in blocks of 10,000 shares, called “Creation Units.” Creation Units are issued and redeemed principally in-kind for securities included in a specified universe. Once created, shares generally trade in the secondary market at market prices that change throughout the day in share amounts less than a Creation Unit. Except when aggregated in Creation Units, shares are not redeemable securities of the Fund. Shares of the Fund may only be purchased or redeemed by certain financial institutions (“Authorized Participants”). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a DTC participant and, in each case, must have executed a Participant Agreement with the Distributor. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem the shares directly from the Fund. Rather, most retail investors may purchase shares in the secondary market with the assistance of a broker and are subject to customary brokerage commissions or fees.

Authorized Participants may be required to pay a transaction fee to compensate the Trust or its custodian for costs incurred in connection with creation and redemption transactions. The standard transaction fee, which is payable to the Trust’s custodian, typically applies to in-kind purchases of the Fund effected through the clearing process on any business day, regardless of the number of Creation Units purchased or redeemed that day (“Standard Transaction Fees”). Variable fees are imposed to compensate the Fund for the transaction costs associated with the cash transactions fees. Certain fund deposits consisting of cash-in-lieu or cash value may be subject to a variable charge (“Variable Transaction Fees”), which is payable to the Fund, of up to 2.00% of the value of the order in addition to the Standard Transaction Fees. Variable Transaction Fees received by the Fund, if any, are displayed in the Capital Share Transactions sections of the Statements of Changes in Net Assets.

Because, among other things, the Fund imposes transaction fees on purchases and redemptions of Shares to cover the custodial and other costs incurred by the Fund in effecting trades, the Board determined that it is not necessary to adopt policies and procedures to detect and deter market timing of the Fund’s Shares.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

- A. *Security Valuation.* Equity securities that are traded on a national securities exchange, except those listed on the NASDAQ Global Market® (“NASDAQ”) are valued at the last reported sale price on the exchange on which the security is principally traded. Securities traded on NASDAQ will be valued at the NASDAQ Official Closing Price (“NOCP”). If, on a particular day, an exchange-traded or NASDAQ security does not trade, then the most recent quoted bid for exchange-traded or the mean between the most recent quoted bid and ask price for NASDAQ securities will be used. Equity securities that are not traded on a listed exchange are generally valued at the last sale price in the over-the-counter market. If a non-exchange traded security does not trade on a particular day, then the mean between the last quoted closing bid and asked price will be used. Prices denominated in foreign currencies are converted to U.S. dollar equivalents at the current exchange rate, which approximates fair value. Redeemable securities issued by open-end investment companies are valued at the investment company’s applicable net asset value, with the exception of exchange-traded open-end investment companies which are priced as equity securities.

BRIDGES CAPITAL TACTICAL ETF

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2023 (Unaudited)

Subject to its oversight, the Trust's Board of Trustees (the "Board") has delegated primary responsibility for determining or causing to be determined the value of the Fund's investments to Empowered Funds, LLC dba EA Advisers (the "Adviser"), pursuant to the Trust's valuation policy and procedures, which have been adopted by the Trust and approved by the Board. In accordance with Rule 2a-5 under the 1940 Act, the Board designated the Adviser as the "valuation designee" of the Fund. If the Adviser, as valuation designee, determines that reliable market quotations are not readily available for an investment, the investment is valued at fair value as determined in good faith by the Adviser in accordance with the Trust's fair valuation policy and procedures. The Adviser will provide the Board with periodic reports, no less frequently than quarterly, that discuss the functioning of the valuation process, if applicable, and that identify issues and valuation problems that have arisen, if any. As appropriate, the Adviser and the Board will review any securities valued by the Adviser in accordance with the Trust's valuation policies during these periodic reports. The use of fair value pricing by the Fund may cause the net asset value of its shares to differ significantly from the net asset value that would be calculated without regard to such considerations. As of September 30, 2023, the Fund did not hold any securities that required fair valuation due to unobservable inputs.

As described above, the Fund may use various methods to measure the fair value of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a summary of the fair value classification of the Fund's investments as of September 30, 2023:

DESCRIPTION	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Assets*				
Common Stocks	\$ 2,215,763	\$ —	\$ —	\$ 2,215,763
Investment Companies	11,008,132	—	—	11,008,132
U.S. Treasury Bills	—	5,495,745	—	5,495,745
Investments Purchased With Proceeds From Securities Lending	217,500	—	—	217,500
Money Market Funds	48,971	—	—	48,971
Total Investments in Securities	\$ 13,272,866	\$5,495,745	\$ —	\$ 18,768,611

* For further detail on each asset class, see the Schedule of Investments.

During the fiscal period ended September 30, 2023, the Fund did not invest in any Level 3 investments and recognized no transfers to/from Level 3. Transfers between levels are recognized at the end of the reporting period.

BRIDGES CAPITAL TACTICAL ETF

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2023 (Unaudited)

- B. *Foreign Currency.* Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts using the spot rate of exchange at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions.

The Fund isolates the portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. That portion of gains (losses) attributable to the changes in market prices and the portion of gains (losses) attributable to changes in foreign exchange rates are included on the “Statement of Operations” under “Net realized gain (loss) – Foreign currency” and “Change in Net Unrealized Appreciation (Depreciation) – Foreign Currency,” respectively.

The Fund reports net realized foreign exchange gains or losses that arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund’s books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period end, resulting from changes in exchange rates.

- C. *Federal Income Taxes.* The Fund intends to continue to comply with the requirements of subchapter M of the Internal Revenue Code of 1986, as amended, as necessary to qualify as a regulated investment company and distribute substantially all net taxable investment income and net realized gains to shareholders in a manner which results in no tax cost to the Fund. Therefore, no federal income tax provision is required. As of and during the fiscal period ended September 30, 2023, the Fund did not have any tax positions that did not meet the “more-likely-than-not” threshold of being sustained by the applicable tax authority. As of and during the fiscal period ended September 30, 2023, the Fund did not have liabilities for any unrecognized tax benefits. The Fund would/will recognize interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expense in the Statement of Operations. During the fiscal period ended September 30, 2023, the Fund did not incur any interest or penalties. The Fund is subject to examination by U.S. taxing authorities for the tax periods since the Fund’s commencement of operations.

The Fund may be subject to taxes imposed on realized and unrealized gains on securities of certain foreign countries in which the Fund invests. The foreign tax expense, if any, was recorded on an accrual basis and is included in “Net realized gain (loss) on investments” and “Net increase (decrease) in unrealized appreciation or depreciation on investments” on the accompanying Statements of Operations. The amount of foreign tax owed, if any, is included in “Payable for foreign taxes” on the accompanying Statements of Assets and Liabilities and is comprised taxes on unrealized gains.

- D. *Security Transactions and Investment Income.* Investment securities transactions are accounted for on the trade date. Gains and losses realized on sales of securities are determined on a specific identification basis. Dividend income is recorded on the ex-dividend date, net of any foreign taxes withheld at source. Interest income is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Fund’s understanding of the applicable tax rules and regulations.

Distributions to shareholders from net investment income for the Fund and distributions to shareholders from net realized gains on securities normally are declared and paid on an annual basis. Distributions are recorded on the ex-dividend date. The Fund may distribute more frequently, if necessary, for tax purposes.

- E. *Use of Estimates.* The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of increases and decreases in net assets from operations during the period. Actual results could differ from those estimates.

- F. *Share Valuation.* The NAV per share of the Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash and other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding for the Fund, rounded to the nearest cent. The Fund’s shares will not be priced on the days on which the New York Stock Exchange (“NYSE”) is closed for regular trading. The offering and redemption price per share for the Fund is equal to the Fund’s net asset value per share.

BRIDGES CAPITAL TACTICAL ETF

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2023 (Unaudited)

- G. *Guarantees and Indemnifications.* In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. Additionally, as is customary, the Trust's organizational documents permit the Trust to indemnify its officers and trustees against certain liabilities under certain circumstances. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be against the Fund that have not yet occurred. As of the date of this Report, no claim has been made for indemnification pursuant to any such agreement of the Fund.
- H. *Reclassification of Capital Accounts.* GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. In addition, the Fund's realized net capital gains resulting from in-kind redemptions, in which shareholders exchanged Fund shares for securities held by the Funds rather than for cash. Because such gains are not taxable to the Fund, and are not distributed to shareholders, they have been reclassified from accumulated net realized losses to paid-in capital. The Fund commenced operations May 11, 2023; therefore, no reclassifications have been made yet.

NOTE 3 – RISKS

Markets may perform poorly and the returns from the securities in which the Fund invests may underperform returns from the general securities markets. Securities markets may experience periods of high volatility and reduced liquidity in response to governmental actions or intervention, economic or market developments, or other external factors. The value of a company's securities may rise or fall in response to company, market, economic or other news.

Investment Risk. When you sell your Shares of the Fund, they could be worth less than what you paid for them. The Fund could lose money due to short-term market movements and over longer periods during market downturns. Securities may decline in value due to factors affecting securities markets generally or particular asset classes or industries represented in the markets. The value of a security may decline due to general market conditions, economic trends or events that are not specifically related to the issuer of the security or to factors that affect a particular industry or group of industries. During a general downturn in the securities markets, multiple asset classes may be negatively affected. Therefore, you may lose money by investing in the Fund.

Equity Investing Risk. An investment in the Fund involves risks similar to those of investing in any fund holding equity securities, such as market fluctuations, changes in interest rates and perceived trends in stock prices. The values of equity securities could decline generally or could underperform other investments. In addition, securities may decline in value due to factors affecting a specific issuer, market or securities markets generally.

Management Risk. The Fund is actively-managed and may not meet its investment objective based on the Adviser's or Sub-Adviser's success or failure to implement investment strategies for the Fund.

Risk of Investing in Other ETFs. Because it invests other ETFs, the Fund's investment performance is impacted by the investment performance of the selected underlying ETFs. An investment in the Fund is subject to the risks associated with the ETFs that then-currently comprise the Fund's portfolio. At times, certain of the segments of the market represented by the Fund's underlying ETFs may be out of favor and underperform other segments. The Fund will indirectly pay a proportional share of the expenses of the underlying ETFs in which it invests (including operating expenses and management fees), which are identified in the fee schedule above as "Acquired Fund Fees and Expenses."

Large-Capitalization Companies Risk. Large-capitalization companies may trail the returns of the overall stock market. Large-capitalization stocks tend to go through cycles of doing better - or worse - than the stock market in general. These periods have, in the past, lasted for as long as several years.

Mid-Capitalization Companies Risk. To the extent the Fund gains exposure to securities of mid-capitalization companies through its investments in other ETFs, investments in such companies involve greater risk than customarily is associated with investing in larger, more established companies. These companies' securities may be more volatile and less liquid than those of more established companies. Often mid-capitalization companies and the industries in which they focus are still evolving and, as a result, they may be more sensitive to changing market conditions.

BRIDGES CAPITAL TACTICAL ETF

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2023 (Unaudited)

Small-Capitalization Companies Risk. To the extent the Fund gains exposure to securities of small-capitalization companies through its investments in other ETFs, investments in such companies involves greater risk than customarily is associated with investing in larger, more established companies. Small-capitalization companies often have less predictable earnings, more limited product lines, markets, distribution channels and financial resources, and the management of such companies may be dependent upon one or few people. Price movements of small-capitalization companies may be more volatile than mid-capitalization and large-capitalization companies.

Cash and Cash Equivalents Risk. To the extent the Fund's assets are allocated to cash or cash equivalents, there is the risk that the value of the cash account, including interest, will not keep pace with inflation, thus reducing purchasing power over time. Cash equivalents include shares in money market funds that invest in short-term, high-quality instruments such as Treasury bills and notes, the value of which generally are tied to changes in interest rates. Cash equivalents are not guaranteed as to principal or interest, and the Fund could lose money through these investments.

Geopolitical/Natural Disaster Risks. The Fund's investments are subject to geopolitical and natural disaster risks, such as war, terrorism, trade disputes, political or economic dysfunction within some nations, public health crises and related geopolitical events, as well as environmental disasters, epidemics and/or pandemics, which may add to instability in world economies and volatility in markets. The impact may be short-term or may last for extended periods.

See the Fund's Prospectus and Statement of Additional Information regarding the risks of investing in shares of the Fund.

NOTE 4 – COMMITMENTS AND OTHER RELATED PARTY TRANSACTIONS.

Empowered Funds, LLC dba EA Advisers (the "Adviser") serves as the investment adviser to the Fund. Pursuant to an investment advisory agreement (the "Advisory Agreement") between the Trust, on behalf of the Fund, and the Adviser, the Adviser provides investment advice to the Fund and oversees the day-to-day operations of the Fund, subject to the direction and control of the Board and the officers of the Trust. Under the Advisory Agreement, the Adviser is also responsible for arranging transfer agency, custody, fund administration and accounting, and other non-distribution related services necessary for the Fund to operate. The Adviser administers the Fund's business affairs, provides office facilities and equipment and certain clerical, bookkeeping and administrative services. The Adviser agrees to pay all expenses incurred by the Fund except for the fee paid to the Adviser pursuant to the Advisory Agreement, payments under any distribution plan adopted pursuant to Rule 12b-1, brokerage expenses, acquired fund fees and expenses, taxes (including tax-related services), interest (including borrowing costs), litigation expense (including class action-related services) and other non-routine or extraordinary expenses.

Bridges Capital, LLC, serves as a non-discretionary investment sub-adviser to the Fund. Pursuant to an investment sub-advisory agreement (the "Sub-Advisory Agreement") among the Trust, the Adviser and the Sub-Adviser, the Sub-Adviser is responsible for determining the investment exposures for the Fund, subject to the overall supervision and oversight of the Adviser and the Board.

At a Board meeting held on March 27, 2023, the Board of Trustees of the Trust (the "Trustees") including each Trustee who is not an "interested person" of the Trust, as defined in the 1940 Act, approved the Advisory and Sub-Advisory Agreement. Per the Advisory Agreement, the Fund pays an annual rate of 0.78% to the Adviser monthly based on average daily net assets. A description of the Board's consideration is included in this report.

U.S. Bancorp Fund Services, LLC ("Fund Services" or "Administrator"), doing business as U.S. Bank Global Fund Services, acts as the Funds' Administrator and, in that capacity, performs various administrative and accounting services for the Funds. The Administrator prepares various federal and state regulatory filings, reports and returns for the Funds, including regulatory compliance monitoring and financial reporting; prepares reports and materials to be supplied to the trustees; monitors the activities of the Funds' Custodian, transfer agent and fund accountant. Fund Services also serves as the transfer agent and fund accountant to the Funds. U.S. Bank N.A. (the "Custodian"), an affiliate of the Administrator, serves as the Funds' Custodian.

The Custodian acts as the securities lending agent (the "Securities Lending Agent") for the Fund.

NOTE 5 – SECURITIES LENDING

The Fund may lend up to 33^{1/3}% of the value of the securities in its portfolio to brokers, dealers and financial institutions (but not individuals) under terms of participation in a securities lending program administered by the Securities Lending Agent. The securities lending agreement requires that loans are collateralized at all times in an amount equal to at least 102% of the value of any domestic loaned securities at the time of the loan, plus accrued interest. The use of loans of foreign securities, which are denominated and payable in U.S. dollars, shall be

BRIDGES CAPITAL TACTICAL ETF

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2023 (Unaudited)

collateralized in an amount equal to 105% of the value of any loaned securities at the time of the loan plus accrued interest. The Fund receives compensation in the form of fees and earns interest on the cash collateral. The amount of fees depends on a number of factors including the type of security and length of the loan. The Fund continues to receive interest payments or dividends on the securities loaned during the borrowing period. Gain or loss on the value of securities loaned that may occur during the term of the loan will be for the account of the Fund. The Fund has the right under the terms of the securities lending agreement to recall the securities from the borrower on demand.

The securities lending agreement provides that, in the event of a borrower's material default, the Securities Lending Agent shall take all actions the Securities Lending Agent deems appropriate to liquidate the collateral, purchase replacement securities at the Securities Lending Agent's expense or pay the Fund an amount equal to the market value of the loaned securities, subject to certain limitations which are set forth in detail in the securities lending agreement between the Fund and the Securities Lending Agent.

As of the end of the fiscal period, the Fund had loaned securities and received cash collateral for the loans. The cash collateral is invested by the Securities Lending Agent in accordance with the Trust approved investment guidelines. Those guidelines require the cash collateral to be invested in readily marketable, high quality, short-term obligations; however, such investments are subject to risk of payment delays or default on the part of the issuer or counterparty or otherwise may not generate sufficient interest to support the costs associated with securities lending. The Fund could also experience delays in recovering its securities and possible loss of income or value if the borrower fails to return the borrowed securities, although the Fund is indemnified from this risk by contract with the Securities Lending Agent.

As of the end of the fiscal period, the values of the securities on loan and payable for collateral due to broker for the Funds were as follows:

Value of Securities on Loan	Payable for Collateral Received*
\$ 212,088	\$ 217,500

* The cash collateral received was invested in the First American Money Market Government Obligations Fund as shown on the Schedule of Investments. The investment objective is to seek maximum current income to the extent consistent with the preservation of capital and maintenance of liquidity.

The interest income earned by the Fund on the investment of cash collateral received from borrowers for the securities loaned to them ("Securities Lending Income, Net") is reflected in the Fund's Statement of Operations. Net securities lending income earned on collateral investments and recognized by the Fund during the fiscal period was \$7,405.

NOTE 6 – PURCHASES AND SALES OF SECURITIES

For the fiscal period ended September 30, 2023, purchases and sales of securities for the Fund, excluding short-term securities and in-kind transactions, were as follows:

Purchases	Sales
\$ 48,066,121	\$ 18,515,781

For the fiscal period ended September 30, 2023, in-kind transactions associated with creations and redemptions were as follows:

Purchases	Sales
\$ 18,763,920	\$ 35,086,131

**NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 (Unaudited)**

For the fiscal period ended September 30, 2023, short-term and long-term gains on in-kind transactions were as follows:

Short Term	Long Term
\$ 240,938	\$ -

There were no purchases or sales of U.S. Government securities during the fiscal period.

NOTE 7 – SUBSEQUENT EVENTS

In preparing these financial statements, management of the Fund has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued. There were no transactions that occurred during the period subsequent to September 30, 2023, that materially impacted the amounts or disclosures in the Fund’s financial statements.

NOTE 8 – CHANGE IN INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On June 9, 2023, the Board of Trustees (“Board”) of the EA Series Trust (the “Trust”), including a majority of the Independent Trustees, upon the recommendation and approval of the Audit Committee of the Board, appointed Tait Weller & Baker, LLP (“Tait”) to serve as the Fund’s independent registered public accounting firm for each Fund for the fiscal year ended March 31, 2024. Tait was approved as the auditor for all funds in the Trust. Tait replaces Spicer Jefferies, LLP (“Spicer”) in this role. Spicer did not resign and did not decline to stand for re-election.

For the interim period ended June 9, 2023, there were no disagreements (as defined in Item 304(a)(1)(iv) of Regulation S-K and related instructions) with Spicer on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Spicer, would have caused it to make a reference in connection with its opinion to the subject matter of the disagreement.

For the interim period ended June 9, 2023, neither Fund, nor anyone on its behalf, consulted with Tait with respect to: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might have been rendered on each Fund’s financial statements, and no written report or oral advice was provided that Tait concluded was an important factor considered by each Fund in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a “disagreement” (as defined in Item 304(a)(1)(iv) of Regulation S-K and related instructions) or a “reportable event” (as defined in Item 304(a)(1)(v) of Regulation S-K).

EXPENSE EXAMPLE SEPTEMBER 30, 2023 (UNAUDITED)

As a shareholder of Bridges Capital Tactical ETF, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of Fund shares, and (2) ongoing costs, including management fees and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The example is based on an investment of \$1,000 invested at the beginning of the most recent six-month period and held the entire period as indicated below.

Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled “Expenses Paid During the Period” to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund’s and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line of the table is useful in comparing ongoing costs only and will not help you determine the relative total costs of owning different funds. If these transactional costs were included, your costs would have been higher. The information assumes the reinvestment of all dividends and distributions.

	Annualized Expense Ratio	Beginning Account Value May 11, 2023¹	Ending Account Value September 30, 2023	Expenses paid during Period
Actual ¹	0.78%	\$ 1,000.00	\$ 1,013.70	\$ 3.07
Hypothetical (5% annual return before expenses) ²	0.78%	1,000.00	1,021.10	3.94

- 1 The inception date for the Bridges Capital Tactical ETF was May 11, 2023. Actual expenses paid during the period are equal to the annualized net expense ratio, multiplied by the average account value over the period, multiplied by 143/366 to reflect the period.
- 2 Hypothetical expenses paid during the period are equal to the annualized net expense ratio, multiplied by the average account value over the full six-month period, multiplied by 183/366 to reflect the six-month period.

REVIEW OF LIQUIDITY RISK MANAGEMENT PROGRAM (UNAUDITED)

Pursuant to Rule 22e-4 under the Investment Company Act of 1940, the Trust, on behalf of the series of the Trust covered by this shareholder report (each a “Fund”, and collectively, the “Funds”), has adopted a liquidity risk management program (“the Program”) to govern the Trust’s approach to managing liquidity risk. Rule 22e-4 seeks to promote effective liquidity risk management, thereby reducing the risk that a Fund will be unable to meet its redemption obligations and mitigating dilution of the interests of fund shareholders. The Trust’s liquidity risk management program is tailored to reflect each Fund’s particular risks, but not to eliminate all adverse impacts of liquidity risk, which would be incompatible with the nature of the Fund.

The Trust’s Board of Trustees has designated the certain representatives of the Adviser as the Program Administrator, responsible for administering the Program and its policies and procedures.

At the June 9, 2023, meeting of the Board of Trustees of the Trust, the Program Administrator provided the Trustees with a report pertaining to the operation, adequacy, and effectiveness of implementation of the Program for the period ended March 31, 2023. The report concluded that the Program appeared effectively tailored to identify potential illiquid scenarios and to enable the Funds to deliver appropriate reporting. In addition, the report concluded that the Program is adequately operating, and its implementation has been effective. The report reflected that there were no liquidity events that impacted the Funds’ ability to timely meet redemptions without dilution to existing shareholders. The report further described material changes that were made to the Program since its implementation.

There can be no assurance that the Program will achieve its objectives in the future. Please refer to the prospectus for more information regarding the Funds’ exposure to liquidity risk and other principal risks to which an investment in the Funds may be subject.

MANAGEMENT OF THE FUND

Trustees and Officers

The business and affairs of the Trust are managed by its officers under the oversight of its Board. The Board sets broad policies for the Trust and may appoint Trust officers. The Board oversees the performance of the Adviser, the Sub-Adviser, and the Trust’s other service providers. Each Trustee serves until his or her successor is duly elected or appointed and qualified.

The Board is comprised of four Trustees. One Trustee and certain of the officers of the Trust are directors, officers or employees of the Adviser. The other Trustees (the “Independent Trustees”) are not “interested persons” (as defined in Section 2(a)(19) of the Investment Company Act) of the Trust. The fund complex includes all funds advised by the Adviser (“Fund Complex”).

The Trustees, their age, term of office and length of time served, their principal business occupations during the past five years, the number of portfolios in the Fund Complex overseen and other directorships, if any, held by each Trustee, are shown below. The officers, their age, term of office and length of time served and their principal business occupations during the past five years are shown below. Unless noted otherwise, the address of each Trustee and each Officer is: c/o EA Series Trust, 19 East Eagle Road, Havertown, PA 19083.

BOARD REVIEW AND APPROVAL OF ADVISORY AND SUB-ADVISORY AGREEMENT (UNAUDITED)

The Board (the members of which are referred to as “Trustees”) of the EA Series Trust (the “Trust”) met virtually on March 27, 2023 to consider the approval of Advisory Agreement between the Trust, on behalf of the Bridges Capital Tactical Equity ETF (the “Fund”), and Empowered Funds, LLC (the “Adviser”), as well as to consider the approval of the Sub-Advisory Agreement between the Adviser and Bridgeway Capital Management, LLC (the “Sub-Adviser”). In accordance with Section 15(c) of the 1940 Act, the Board requested, reviewed and considered materials furnished by the Adviser and Sub-Adviser relevant to the Board’s consideration of whether to approve the Advisory Agreement and Sub-Advisory Agreement. In connection with considering approval of both the Advisory Agreement and Sub-Advisory Agreement, the Trustees who are not “interested persons” of the Trust, as that term is defined in the 1940 Act (the “Independent Trustees”), met in executive session with counsel to the Trust, who provided assistance and advice. In reaching the decision to approve both the Advisory Agreement and Sub-Advisory Agreement, the Board considered and reviewed information provided by the Adviser and Sub-Adviser, including among other things information about its personnel, operations, financial condition, and compliance and risk management. The Board also reviewed copies of the proposed Advisory Agreement and Sub-Advisory Agreement. During their review and consideration, the Board focused on and reviewed the factors they deemed relevant, including:

Nature, Quality and Extent of Services. The Board was presented and considered information concerning the nature, quality and extent of the overall services expected to be provided by the Adviser to the Bridges Capital Tactical Equity ETF (BDGS) (a “New Fund”). In this connection, the Board considered the responsibilities of the Adviser, recognizing that the Adviser had invested significant time and effort in structuring the Trust and the New Fund, and arranging service providers for the New Fund. In addition, the Board considered that the Adviser is responsible for providing investment advisory oversight services to the New Fund, monitoring compliance with the New Funds’ objectives, policies and restrictions, and carrying out directives of the Board. The Board also considered the services expected to be provided by the Adviser in the oversight of the Trust’s administrator, transfer agent and custodian. In addition, the Board evaluated the integrity of each of the Adviser’s and the BDGS Sub-Adviser’s personnel, the experience of the BDGS Sub-Adviser’s portfolio managers in managing assets and the adequacy of each of the Adviser’s and BDGS Sub-Adviser’s resources. In this regard, the Board considered additional investments made by the Adviser in enhancing its services both from a personnel perspective and also a technology perspective, which are expected to create efficiencies and enhance its overall oversight of the Fund and the Trust. The Board also considered the Adviser’s ongoing oversight responsibilities vis-à-vis the Fund’s Sub-Adviser, to include the augmented resources mentioned above. The Board also considered that the BDGS Sub-Adviser will provide discretionary investment management services to the New Fund, and that the Adviser will be responsible for all trading and compliance for the Fund.

Performance. Performance information was not available for the New Fund as it had not yet commenced operations. The Board considered the performance of comparable separate accounts managed by the BDGS Sub-Adviser.

Comparative Fees and Expenses. In considering the advisory fees and sub-advisory fees, the Board reviewed and considered the fees in light of the nature, quality and extent of the services expected to be provided by the Adviser and the BDGS Sub-Adviser, respectively. With respect to the advisory fees and expense ratios for the New Fund, the Board also considered the fees and expense ratios versus the fees and expenses charged to other exchange-traded funds and mutual funds. The Board noted that there were several comparable funds available for comparison, with the fees charged within a reasonable range as compared to the peers. With respect to the sub-advisory fees, the Board noted that they were payable solely out of the unitary management fee payable to the Adviser. The Board also considered the allocation of fees among the Adviser and the BDGS Sub-Adviser.

The Board considered, among other information, the data provided in the third-party fee comparison report. Fee information was provided in quartiles, ranging from quartile one (the least expensive) to quartile four (the most expensive).

The Board considered the third-party peer group analysis that included comparison of the New Fund’s anticipated net expense ratio against funds that were both exchanged-traded funds and mutual funds. The New Fund’s total expense ratio (for both gross and net) and management fee were in the following quartiles:

BRIDGES CAPITAL TACTICAL ETF

Fund	Total Expense Ratio		Net Expense Ratio		Management Fee Only	
	<i>ETFs</i>	<i>Mutual Funds</i>	<i>ETFs</i>	<i>Mutual Funds</i>	<i>ETFs</i>	<i>Mutual Funds</i>
BDGS (Tactical Allocation Funds)	<i>2nd Lowest Quartile</i>	<i>Lowest Quartile</i>	<i>2nd Lowest Quartile</i>	<i>Lowest Quartile</i>	<i>2nd Highest Quartile</i>	<i>Lowest Quartile</i>

The Board was agreeable to the fee levels.

Costs and Profitability. The Board further considered information regarding the potential profits, if any, that may be realized by each of the Adviser and the BDGS Sub-Adviser in connection with providing their respective services to the New Fund. The Board reviewed estimated profit and loss information provided by the Adviser with respect to the New Fund and estimated data regarding the proposed sub-advisory fee and the costs associated with the personnel, systems and equipment necessary to manage the New Fund and to meet the regulatory and compliance requirements adopted by the SEC and other regulatory bodies as well as other expenses the Adviser would pay in accordance with the Advisory Agreement. The Board also took into consideration that the Adviser agreed to pay all expenses incurred by the New Fund except for the fees paid to the Adviser pursuant to the Advisory Agreement, payments under any distribution plan adopted pursuant to Rule 12b-1, brokerage expenses, acquired fund fees and expenses, taxes, interest (including borrowing costs), litigation expenses and other non-routine or extraordinary expenses. The Board also considered the respective financial obligations of the Adviser and the BDGS Sub-Adviser, as sponsor of the New Fund. They also considered the New Fund's projected asset totals over the first two years of operations.

Other Benefits. The Board further considered the extent to which the Adviser or BDGS Sub-Adviser might derive ancillary benefits from the New Fund's operations. For example, the BDGS Sub-Adviser may engage in soft dollar transactions in the future, although it did not currently plan to do so. In addition, the Adviser may benefit from continued growth in the Trust by potentially negotiating better fee arrangements with key vendors serving the New Fund. The Board also considered the revenue sharing arrangement between the Adviser and BDGS Sub-Adviser with respect to the New Fund.

Economies of Scale. The Board also considered whether economies of scale would be realized by the New Fund as its assets grow larger, including the extent to which this is reflected in the level of fees to be charged. The Board also noted that the proposed advisory and sub-advisory fees do not include breakpoints but concluded that it was premature to meaningfully evaluate potential economies of scale.

Conclusion. No single factor was determinative of the Board's decision to approve each of the Advisory Agreement and Sub-Advisory Agreement; rather, the Board based its determination on the total mix of information available to it. Based on a consideration of all the factors in their totality, the Board, including a majority of the Independent Trustees, approved each of the Advisory Agreement and Sub-Advisory Agreement, including the compensation payable under each Agreement.
